Jay Abraham

"Jay Abraham has created a program of proven strategies to help you realize undreamed-of success! The program focuses on helping you spot the hidden assets, overlooked opportunities, and untapped resources around you, and gives you, fresh eyes with which to see and capitalize on them. Using clear examples from his own experience, Jay explains just how easy it can be to find and/or create new opportunities for wealth-building in any existing business, enterprise, or venture." —amazon.com

Enviro News:

Proposed Policy Amendments: 2012 and 2016 New Source Performance Standards for the Oil and Natural Gas Industry

On August 28, 2019, the U.S. Environmental Protection Agency (EPA) signed proposed amendments to the 2012 and 2016 New Source Performance Standards (NSPS) for the Oil and Natural Gas Industry that would remove regulatory duplication and save the industry millions of dollars in compliance costs each year, while maintaining health and environmental protection from oil and gas sources that the Agency considers appropriate to regulate.
