About the speaker

Donna Feldman is a business and social media coach who works with business owners and professionals at any stage from start-up to maturity, or those in transition from one business to another. She provides one-on-one and small group business and marketing coaching as well as social media coaching, consulting and training.

Donna is founder of The Networking Gurus, co-author of the book "99 Networking Nuggets" and publisher of The Networking Gurus News, a monthly e-newsletter of networking know-how and venues in Denver. She regularly delivers presentations and workshops on networking, marketing, and social media for business groups and professional organizations.

Mark your calendars for this terrific event!
